3C3® - An Overview
About Us

- **3C3** India Pvt Ltd., commenced its operation in the year 2013 and became a full fledged independent manufacturing of the structured network cabling systems.

- We are a “Make In India” initiative, producing quality products of passive networking products both Copper and Fiber in our manufacturing facility at KIADB Industrial Area, BIDADI, Bangalore.

- Our facility is ISO 9001 & ISO 14001 certified and our products are UL, ETL, ROHS certified.

- Having PAN India presence with our direct sales offices in Bangalore, Chennai, Mumbai, Hyderabad, Delhi, Kolkata, Pune, Kochi & Vijayawada supported by our Certified System Integrators across in India.

- We have sales offices in Singapore & Middle East and planning to increase our footprint on global scale.

- We have executed large projects in all industry verticals through our certified partners.
About Us

We provide structured cabling solutions in IT, Telecom, IOT & Security Infrastructure for addressing end-to-end requirements adhering to global standards.

We are future ready organization capable of addressing the upcoming technology trends.
About Us

Vision

Our vision is to provide innovative high quality Certified Connectivity Products Designed for Interoperability, Convergence, Security, Emerging global standards & Cross industry needs for global market

Mission

Enabling Core Communication needs with precision and futuristic thinking, we aspire to make it possible with our products, leading to resource optimization and eventually success

Values

Integrity, Innovation and ability

Timeline

2013
Formation of the company and manufacturing unit

2015-16
Pan India expansion

2018-19
Reorganisation & Appointment of multiple regional distributor

2019-20
New facility setup with enhanced capacity
What do we provide?

- Network cabling products for all industry segments
- Data center turnkey solutions (Specialized cables /components to address High density requirements)
- Installation & Testing tools
- FTTx products & solutions
- Innovative & Customized products for tailor made solutions.
- IOT cabling solutions
Our Differentiation

- High Quality end-to-end Copper & Fiber solutions
- Configuring the products to the customer requirement
- Our product design optimization helps to reduce the cost of overall project
- Our local manufacturing base helps in reduced the turn around time.
- Ease of Installation

WE OFFER 25 YEARS OF PERFORMANCE WARRANTY
Our Certifications

- Intertek
- UKAS Management Systems 014
- ETL Listed
- RoHS Compliant
- UL
- Guaranteed Performance 25 Years
- 5 Years Product Warranty
- Bicsi Corporate Member

PAN India Presence

Well connected Sales & Distribution Network.

1. Bangalore
2. NCR
3. Chennai
4. Mumbai
5. Kolkata
6. Hyderabad
7. Vijayawada/Vizag
8. Kochi
9. Chandigarh
10. Bhubaneswar
11. Pune
12. Ahmedabad
13. Guwahati

www.3c3.in
Global Presence

Well connected Sales & Distribution Network.

1. Middle East
2. Singapore

* Expansion to Global Scale is under progress
Manufacturing Facility

- State-of-the-art manufacturing facility in Bangalore, India
- Our facility has the most advanced equipment and skilled workforce
- Ample space to enhance the capacity to cater the future demand
- Stringent Quality process to assure high performance
- Meets/ Exceeds the global standards
3C3 Products Overview

**COPPER SOLUTIONS**
- Copper Cable(5e/6/6A)
- Patch Panel
- Keystone Jack
- Faceplate
- Outdoor Rated Cable
- Copper Patch cords
- UTP Installation Tools
- UTP Testing Tools
- Direct attach connector

**FIBER OPTIC SOLUTIONS**
- Fiber Optic Indoor/Outdoor Cables
- Fiber Optic Connector
- Fiber Optic Adapter
- Fiber Optic Patch Cords & Pigtails
- Fiber Optic Patch Panels
- Ruggedized Patchcords
- Media converter
- Fiber Optic Outdoor Enclosure
- Fiber Installation Tools
- Fiber Testing & Diagnostic Tools
- Fiber Cleaning Solutions

**DATA CENTER SOLUTIONS**
- Fiber/Copper Cable harness
- High density Fiber Optic Patch Panel (1U-96 & 144)
- MPO Fiber Optic Patchcords
- 1U 48Port & 0.5U 24 Port Copper Patch Panel
- Slim line Cat6 UTP Patchcords
- Intelligent cabling system & secure patchcords

**AV SOLUTIONS**
- HDMI Cables
- AV Panels

www.3c3.in
Our Key Products
LAN Cabling Systems

- Copper Cat6/6A Cables
- Information Outlet
- Staggered Angular Patch Panel
- Category6/6A Patchcords
- Fiber Optic Cable Outdoor/Indoor
- Fiber Optic Patch Cord
- Fiber Optic Patch Panel
- Fiber Optic Pigtail

www.3c3.in
High Density Data Center Solutions

- Pre-terminated Copper Harness Cable
- High Density Snap-In 1U Patch Panel – 48
- Category 6A Slim Patch Cord
- High Density 0.5U Patch Panel – 24 ports
- Ultra High Density Fiber Patch Panel
- High Density Fiber Patch Cords
- FO Breakout Cable Assembly
- High Density Fiber Patch Cords

www.3c3.in
FTTX/ Telecom Solutions

- Passive Optical Splitter
- Passive Optical Splitter
- Field Termination Box
- POL Drop Cables
- SC Fast Field Assembly Connector
- DIN Rail Fiber Panel
- Wall Mount Fiber Panel
- Fiber Optic Simplex APC Patch Cord

www.3c3.in
Tools & Testers

- Fiber Optic Fusion Splicing Tool Kit
- High Precision Fiber Cleaver
- Splicing Machine OFS-108
- Visual Fault Locator
- LAN Tracker
- Cable Toner
- POE Tester
- Cable Fault Locator

Our Innovative Products
Our Innovative Products

Category 6 UTP/STP Lockable Patch Cord LSZH

**FEATURES**
- Strain relief boot & plug latch protection
- Key lock protection to secure the patch cable in place
- Requires key to remove the patch cord
- Highly recommended for data centers, conference rooms, branch office connections etc.
Our Innovative Products

Category 6 RJ45 Lockable Keystone Jack

**FEATURES**
- Easy cable termination without tool
- Key lock protection to secure the patch cable in place
- Regular patch cords to be used
- Requires key to insert or remove the patch cord
- Highly recommended for data centers or secured spaces
Our Innovative Products

Cat 6 cable Inline Coupler Using Patch Cord – UTP / STP

**FEATURES**
- Efficiently used for quick extension of connectivity
- Easy to mount in patch panels and faceplates
- Gold Plated with Nickel undercoat, PC, UL94V-0

Cat 6 Cable Inline Coupler Using IDC Termination – UTP/STP

**FEATURES**
- Excellent signal integrity
- Used for either extension of cable or restore connectivity
- Fire Proof ABS UL94V-0

www.3c3.in
Our Innovative Products

FEATURES

- Traceable Patch Cord
- Highly efficient, bright LED which enables to identify the Patch Cord
- LED Light is powered by Micro – USB
- Traces cables instantly in complex patching situations.
- Quality 26 AWG standard flexible cable
- LSZH cables
- Available in CAT6 & CAT6A performance
Our Innovative Products

- Category 6A Field Termination Plug
- Copper Panel Angled, Staggered C6, 24 port 1U unloaded
- Category 6A Shielded Inline Coupler
- OM4, LC to LC, FO traceable Duplex, HD Patchcord
- Keystone Unshielded Outlet, 180DG C6, Traceable

www.3c3.in
Our Innovative Products

- LC Patch cord with a PULL TAB
  - Multi color tabs for identification
  - Label can be affixed
- A must for high density patching
  - Increases density by 60%
- 2mm mini Zip duplex patch cable for compactness with LSZH
- Bend insensitive fiber
- Insertion loss ≤ 0.25dB (OM)
- Durability ≥ 500 mating's

The 3C3® LC-HD is a totally unique design which increases panel density to its highest possible.
